

## PRW SRP (Scoped Rifle For Patrol)

**PRW SRP** is a three day training course for using a scoped rifle in patrol operations.

This course is for departments with OR without SWAT teams who have patrol first response personnel doing perimeter work with patrol rifles.

Zeroing an optical sight, marksmanship  
Positional shooting skills  
Officer down drills, shield work for patrol  
Tactics  
Stress shooting

Extended distance shooting out to 500 yards  
This course works with bolt actions and semi-auto platforms, with traditional scopes and the newer electronic optics also.

Specific Issues addressed:

Setting up perimeters based on threat level

Holding the "thin blue line" before the 'calvary can get there"

Dealing with the ever present manpower issue  
Rural and Urban operation differences  
Recommended Equipment

*Unfortunately, the "unthinkable" is happening in the headlines everyday. Patrol officers are the frontline. Its becoming mandatory for police departments to train their personnel at a higher level for these threats.*

The Precision Rifle Workshop LLC is a series of police sniper and general topic law enforcement courses held annually in the Rocky Mountain area for law enforcement and military personnel.

PRW Instructors are drawn from the military and Police department SWAT teams for their exceptional experience and presentation skills.

Day One: Initial zeroing, marksmanship, ballistics, positional skills, long range shooting, equipment issues

Days 2—tactics, perimeters, shield work, officer rescue drills

Day 3—Team tactics, stress drills and qualifications.

**Equipment:** patrol vest, patrol rifle, semi-auto or bolt action with either a scope or electronic optical sighting system. 300 rounds for bolt guns 500 rounds for semi autos, tactical shield common to patrol operations A more detailed list is sent upon registration for a course.

Tuition cost: \$350 To register call 1-877-860-9475
